Maziar Masoudi
Professor and Program Coordinator
George Brown Polytechnic

To Whom It May Concern,

I am writing in support of James Jones, who was enrolled in the T197 program through the sixth semester.

Based on his academic record, James has maintained above-average grades across the first six semesters and has demonstrated consistent attendance. These records indicate a reliable and diligent student who met program expectations and completed coursework in a timely manner.

While my direct interaction with James was limited, the academic data suggest a capable student prepared to undertake the capstone phase of the program.

Please feel free to contact me at mmasoudi@georgebrown.ca if you need further information.

Sincerely,

Maziar Maosudi

Professor and Program Coordinator - T197/T177 | T141/T191 | T186 | T189
